About a week ago we received
some exceedingly handsome Shoes
and Slippers from the East, not
from S. Francisco, but direct from
the East. This enables us to sell
them cheaper than any other store
on Maui. Ask for a pair of Men's
soft, elegant Romeos. They will
fit you like a glove. And our snug,
comfortable Men's Embroidered
Slippers are nice to slip on when
you come home in the evening.
Let us show you our Ladies',
Girls', Boys' and Babies' Shoes.
Also our Barefoot Sandals, Rub-
bers, Tennis Shoes, White Canvas
Shoes, etc.

WILL SELECT FORTIFICATION SITES

Lieutenant-Colonel Roessler of U. S. Army En-
gineers Corps to Assist in Selecting
Fortification Sites.

SPANIARDS ARRIVE ON MAUI.

Noeau Brings Shipment of Laborers for H. C. & S. Co.
and Maui Agricultural Co.—Baseball Sunday
a Frost.—Evil Results Expected.

SITES FOR GREAT FORTIFICA- TIONS TO BE DECIDED UP- ON WITHIN A FEW DAYS.

Within a week the locations of
the first two big batteries in the
great system of fortifications con-
templated for the protection of the
Territory, will have been made.
One of these, as has been stated,
will be at Pearl Harbor, and the
other on Diamond Head.

Lt-Col. S. W. Roessler, of the U.
S. Army Engineer Corps, who ar-
rived here from the Coast on the
Korea, is here for the express pur-
pose of consulting with Capt. C.
W. Otwell with reference to the
matter of fortifications, and before
he leaves on the Mongolia next
Tuesday, the sites of the two first
works will have been determined.
This of course is but the first
step in the big project, and it will
be months—possibly upwards of a
year—before the actual construc-
tion work will begin. The loca-
tions as determined by Col.
Roessler and Capt. Otwell will first
have to be submitted to the War
Department at Washington and
approved; after which the prepara-
tion of the plans and specifications
will require some time, and then
the slow work of getting machinery,
cement in vast quantities, and
other material, most of which will
probably have to come from the
Atlantic coast, will commence.

But the important point is that
the work of fortifying Hawaii has
actually begun, and however slow
will progress steadily until the
completion of fortification works
which at the present time contem-
plates the expenditure of \$1,500,-
000. Appropriations made by the
last Congress are only to the
amount of \$610,000, but this will
be sufficient to practically com-
plete the Pearl Harbor and Dia-
mond Head projects, which will be
the chief protection for Honolulu.
Of the appropriation at present
available, \$150,000 is for the pur-
chase of the sites for the works.

and the remaining \$460,000 is for
construction purposes.

Details of the construction and
armament of the fortifications are,
according to the policy of the De-
partment in such matters, not
given out for publication, but it is
stated on authority that the arma-
ment of both the Pearl Harbor
and the Diamond Head fortifica-
tions will be two powerful batteries
of the latest pattern of mortars and
guns.

As soon as the locations have
been approved, steps will at once
be taken to secure the property and
prove the titles, and at the same
time plans will be prepared for the
work by Captain Otwell, who will
have direct charge of the construc-
tion. As this class of work is not
done by contract, it will mean that
the entire responsibility for the
planning and executing of the work
will rest on this officer's shoulders.
The materials for the work will be
of the very highest quality, espe-
cially the cement, of which im-
mense quantities will be used. All
this material, as well as the ma-
chinery needed must be purchased
and brought here by the Govern-
ment, through the officer in charge.

Before the appropriations for the
first fortifications are expended it
is expected that more money will
be forthcoming for other work of
similar character, for the Terri-
tory, and the work will be able
to proceed without break.

With the construction of the
lighthouse at Makapuu Point, the
one on Molokai, and other lesser
lights planned, and harbor work,
which will be in progress within
the next year, the local U. S. En-
gineer department will be exceed-
ingly busy, and the amount of
money to be expended by the Fed-
eral Government will be of much
importance to Honolulu.

Col. Roessler, who with Capt.
Otwell is looking over the ground
for the new fortifications, is station-
ed at Portland, Oregon, where he
has charge of Government river
and harbor work in Oregon, and of
fortification at the mouth of the
Columbia river.

SPANIARDS ARRIVE

The shipment of Spaniards who
arrived in Honolulu last Friday
afternoon to work on the planta-
tions have been assigned to the
different plantations and are look-
ed upon with great favor by those
who have seen them. They appear
to be a healthy, quiet and indus-
trious lot and it is hoped will prove
all that was expected of them.

The Noeau arrived in Kahului
Tuesday morning at 6 A. M. and
at 8 A. M. all of them had been
sent by train to the different planta-
tions to which they desired to go.
Of the number arriving twenty-
eight men, twenty women and six-
ty-nine children went to Paunene
and nine men, eight women and
nine children went to Paia to work

on the plantation of the Maui
Agricultural Company.

They are spoken of at Kahului
as the best behaved lot of emi-
grants ever landed there.

The plantations to which they
were sent have always provided
well for their labor and it is safe
to say that if they are at all suit-
able labor they will remain for
years with their present employers.

KAHULUIS 14 WAIKAPUS 2.

Such was the result of last Sun-
day's game of baseball between
the Kahuluis and Waikapus at
Well's Park. Quite a number of
people were present but as a letter
addressed to the association asking
that all noise be stopped, it was a
very quiet audience. Some one in
the audience several times asked
whether it was a game of the great
American game they were attend-
ing or a funeral.

The game in itself, although
very much one sided, was a pretty
fast one. The Kahuluis were in
excellent form and showed that
they have had some practice since
they were defeated by the Stars.
Their batting was certainly a
decided improvement and when
they again meet the Stars it will
have effect.

In the eighth inning pitcher Hat-
tie of the Kahuluis hurt himself
while running to first. After re-
covering he went into the box and
tried to pitch but as every throw
would affect his injured leg he was
substituted by Hampton. The
Waikapus immediately protested,
claiming that Mr. Hampton had
been barred from pitching by the
league. Umpire Keohokalelo paid
no attention to the verbal protest
and ordered the game continued.

The line up of the two teams
was as follows:

Kahuluis. Hampton, 2b.; Hat-
tie, p.; Lloyd, 3b.; Morris, cf.;
Rosecrans, ss.; Smith, 1b.; Smythe,
rf.; Hussey, lf.; Simpson, c.
Waikapus. F. Silva, cf.; Ceder-
lof, 2b.; Jackson, 3b.; Kaleo, c.;
Kauila, lf.; W. Enos, 1b.; Jim
Enos, ss.; Viella, p.; Kona, rf.

1 2 3 4 5 6 7 8 9

Kahului.....1 2 1 5 0 0 2 3 0—14

Waikapu.....0 1 0 0 0 1 0 0—2

Tomorrow's game will be be-
tween the Morning Stars and La-
hainas. This should prove an in-
teresting game as the Lahainas
will make a double effort to win
their first game. Both teams have
practised hard, and a large audience
is expected.

A Surprise Party.

A most pleasant surprise party
was given J. W. Wren, manager of
the Kahului Store this week on the
anniversary of his birth.

The whole affair was kept an entire
secret and not until he came in from
his work for the day did he know that
a number of his friends were at his
residence in waiting for him.

Those present were J. N. S. Wil-
lams, superintendent of the Kahului
Rail Road, P. E. Baldwin, manager
of Hawaiian Commercial and Sugar
Co., H. B. Weller of the Union Oil
Co., Clarence G. White of Haku, E.
O. Born and Mr. Onderdonk of the
Kahului store, Claude Kinney of the
Kahului R. B. Co. and J. B. Thomson,
assistant manager of the Hawaiian
Commercial and Sugar Co.

After a delicious dinner music was
heard on the lanai and Mr. Wren,
thinking some persons were serenad-
ing him went out to see who it was
when a large number of ladies and
gentlemen entered the room and be-
fore the ladies could remove their
wraps the gentlemen had removed
the rugs and set aside the furniture
and were dancing which was kept
up until late that evening.

It was one of the pleasantest even-
ings of the season and thoroughly
enjoyed by all.
